The man whose children are not glad to see him when he comes home in the evening is not to be trusted any further than you can throw a barnyard by the gate.

Cuba's joy over the ratification of the reciprocity treaty by the United States Senate is pathetically premature. The treaty must again go to the House before it becomes an accomplished agreement and there is no assurance that it will be satisfactory as finally ratified. Under the most favorable conditions it will not become operative for a year. What the shrewd protectionists in the Senate have really done is to secure the delay for which they have striven from the beginning, leaving the ultimate fate of the treaty as uncertain as ever.

An Illinois woman horsewhipped a man who was trying to marry her daughter. He has some consolation—he might have had her for a mother-in-law.

The way the Senate expedited business at the extra session would make it seem advisable that Congress be called to meet in extra session entirely hereafter.

## MR. MORGAN'S POSSESSIONS.

Mr. J. Pierpont Morgan has been looking around in Cuba. As a result of his casting his eyes westward, he has apparently annexed the whole island.

It is now announced that Mr. J. Pierpont Morgan, representing the American Tobacco Company, has purchased the most valuable tobacco lands in Cuba. This, however, was merely one of the incidents of Mr. Morgan's visit. Railroad construction in the Pearl of the Antilles has been booming for some time. Up to date, Canadian enterprise, represented by Sir John Van Horne, has been paramount in the work of projection. When it was found that a good many more millions were needed to complete the principal transportation lines, Mr. J. Pierpont Morgan's attention was called to the fact. With Mr. Morgan, to become interested, meant to act. Consequently he proceeded to Havana, to look over the ground. On his arrival at the Cuban Metropolis it was variously announced, on unimpeachable authority, that his purpose was to buy up all the transportation lines on the island, to float the Cuban loan of \$35,000,000, to purchase the combined tobacco interests; to syndicate the sugar syndicates, still retaining up his sleeve several other plots, of great magnitude. In the interim the inscrutable manipulator of millions took over the former residence of a Spanish grandee indulged in the delights of coconut milk and played solitaire.

Then Mr. Morgan, having arranged the destinies of Cuba to the satisfaction of the tobacco trust and the railroad trust, took the first train for Washington, where the necessity of an extra session of congress was duly impressed upon President Roosevelt, and it is known announced that, "Unfortunately, the fact no longer is concealed that the visit of the great Wall street king and his careful, serious presentation of the situation in Cuba and in financial circles, during his house conference with the president yesterday, has had the deciding influence upon the chief executive's opinion. A special session of Congress will be called in the early fall."

Great are Mr. Morgan's possessions and they embrace Cuba, the United States government, President Roosevelt, congress in short, the earth. The people are no longer in it, for J. Pierpont Morgan is it.—E. Town News.

## BRAIN FLAKS.

Only a poor sermon satisfies everybody. Adversity is the safety brake on vanity. Gossip thrives only in a field of weeds. Those who have suffered are best able to feel.

Class politics will come when honest men assume control.

Trouble is about all some church members give the preacher.

Satan never wastes time on the owner of a well-thumbed Bible.

A corrupt city government is possible only in a city full of hypocrites.

There is, too, plenty of room at the bottom, but the company is not nearly so select.

There is something wrong about the Christianity of the church member who takes no interest in politics.

Some people think they are growing sentimental when in truth they are merely in need of a liver regulator.

The longer a boy is tied to his mother's apron-string the nearer he is to success when he does outgrow it.

When men are as true to themselves as their dogs are to their masters, this will be a much better world for us.

The best knowledge is knowing how to appreciate what we have and how to get along without the things we cannot possess.

If the flowers that grow on the graves of the dead had bloomed in their lives the world would have been made better and brighter.

Nothing makes a man feel that he is growing old like feeling out for the first time that he can no longer "chill himself" on a horizontal bar.

There always will be men willing to give dollars to learn that the pea is not under the shell, but unwilling to give pennies to learn the right.

### JUDGE MULLIGAN'S FAMOUS POEM "IN KENTUCKY"

The moonlight falls the softest  
In Kentucky;  
The summer days come ofttest  
In Kentucky;  
Friendship is the strongest,  
Love's light glows the longest;  
Yet, wrong is always wrongest  
In Kentucky.

Life's burdens bear the lightest  
In Kentucky;  
The home fires burn the brightest  
In Kentucky;  
While players are the keenest,  
Cards come out the meanest,  
The pocket empties ofttest  
In Kentucky.

The sun shines ever brightest  
In Kentucky;  
The breezes whisper lightest  
In Kentucky;  
Plain girls are the fewest,  
Maiden's eyes the bluest,  
Their little hearts are trueest  
In Kentucky.

Orators are the grandest  
In Kentucky;  
Officials are the blindest  
In Kentucky;  
Boys are all the fleetest,  
Danger ever highest,  
And taxes are the highest  
In Kentucky.

The bluegrass waves the bluest.  
In Kentucky;  
Yet, bluebloods are the fewest (?)  
In Kentucky;  
Moonshine is the clearest,  
By no means the dearest,  
And yet, it sets the queerest  
In Kentucky.

The dove-notes are the saddest  
In Kentucky;  
The streams dance on the gladdest  
In Kentucky;  
Hip pockets are the thickest,  
Pistol hands the slickest,  
The cylinder turns quickest  
In Kentucky.

The song birds are the sweetest.  
In Kentucky;  
The thoroughbreds are the fleetest  
In Kentucky;  
Mountains to-zer proudest,  
Thunder peals the loudest,  
The landscape is the grandest—  
And politics—the damndest  
In Kentucky.

WITH ANOLOGYES—  
The railroads are the fleetest  
In Kentucky;  
Passenger trains the neatest  
In Kentucky;  
If you wish to travel fast,  
Use the "Henderson" first and last,  
You don't want your time to waste;  
That's the "road" that makes "the haste"  
"To and thro' Kentucky."

### FROM INDIAN TERRITORY.

HEADLINE, MARCH 12, 1903.  
EDITOR NEWS—Please find enclosed One Dollar for which continue to send me the News. It is just like getting a letter from home.

We have been having a great deal of rain during the winter, and one heavy snow. Roads are almost impassable, however we are glad to get a good deep season in the winter for it invariably insures a good crop here in the West.

The Indian Territory is improving very fast, the country is being rapidly settled by whites and it won't be long until Fort Lo will be confined to his three hundred and twenty acres of land while white men will own the land all around and between. The land in this country is very productive and will be in the near future one of the leading agricultural States of the Union, Adair and Russell counties are well represented in this part of the country.

### S. B. REXROAT.

Elder Smoot got quickly into the business of recommending candidates for Presidential appointments, and his zeal in this line seems not to have been abating to the Chief Executive. Mr. Smoot is a very influential man in the Mormon Church, and has done a great deal to influence other men to practice polygamy, but, while he does not actually have but one wife himself, he is the full fellowship of the Administration establishment and the Senate.

Since our precious toleration of the views and practices of the Sultan of Sulu perhaps we could extend an even graver consideration to a man whose friendships to barons is only metaphorical and "no principle."

## GAMBLING AMONG GIRLS.

There is nothing of the spirit of sensational indecency in what Mrs. Julia Ward Howe has to say on the subject of gambling among fashionable girls. It is calm and dispassionate and founded, as seems clear, on observations which Mrs. Howe's social position enables her to make for herself. That she has abundant opportunity for seeing the extent to which play may be carried every one knows, and this, of course, leads weight to what she says and secures attention from a class which would treat with indifference such a statement from an "outsider."

Very humanly and very sweetly does Mrs. Howe base her plea for a change, on the assumption that few persons really are willing to acquire cruel gains through another's losses. When they do this, Mrs. Howe seems to imply, very diplomatically, it is through thoughtlessness, and all that such offenders against the "law of being kind" need is to realize the offense there is. With just a few realizations of this generous faith, public opinion will do the rest. Such gentle and wise reflections as those in which Mrs. Howe indulges, recognizing both sides and all sides of the question are more efficacious in the end it seeks than onslaughts as those of Colonel Waterston.—Boston Transcript.

### THE BEST FARMER.

Who is he, say way? Where is he—east, west, north or south?

His best work is the man who does all his work faithfully and upon honor. He puts thought into everything he does.

He has a good word for everybody, even the man who beats him at his own business.

He cheers the world with a smile every where he goes.

He grows old slowly. He can do this because he never frets, never thinks mean thoughts, lives on the best his farm produces and sleeps better than any farm that ever sat upon a throne.

His boys and girls slug and whistle about their work. His wife is just as happy as he is. His horses are "glad to see you" the moment he opens the door in the morning. His cows know that something good is in store for them when he comes into the barn.

And this man lives everywhere.

Are you wanting one of the Kentucky World's Fair building souvenir buttons? If not, why not? They cost only a dollar each, are attractive and you are aiding a good cause when you buy one. The Kentucky Exhibit Association wants to build the State Building at the World's Fair in St. Louis next year from the sale of these buttons, and other popular subscription plans. It hopes to devote the money received from the business element of the State to exhibits as the State's products and resources in the male exhibit palaces of the great exposition. Every person who buys a button will have the satisfaction of knowing that he has an interest, a money interest, in the Kentucky Building at the Fair.

John W. Yerkes says that under no circumstances will he be a candidate for governor. Certainly not. The commissioner of internal revenue is so poor. He knows when he has had enough and that a bird in the hand is worth several in the bush. Some fool like Deboe may go up against the nomination, but wise Republicans will give it the cold shoulder.—Lexington Democrat.

H. H. Hensinger, of Wayne county whose name was proposed for the democratic nomination for State Treasurer was made many months ago, and who showed of Kentucky district democratic he could win a place upon the next State ticket, has decided to withdraw from the race.—Somerset Journal.

Grover Cleveland is going on a journey through the Western States. He probably thinks it about time to learn something about the country he used to preside over. While he was President it was said that he had never been further West than Buffalo.

John D. Rockefeller drew \$8,000,000 as his share of the Standard Oil Company's last quarterly dividend, while his brother, William, drew only \$3,000,000. But Bill has the best winch.

# THE ADAIR COUNTY NEWS

Published Every Wednesday

## Adair County News Co.

(INCORPORATED.)

CHAS. S. HARRIS, Editor.

Demonstrates newspaper devoted to the interests of the city of Columbia and the people of Adair and adjacent counties.

Entered as the Columbia Postoffice second class mail matter.

WED. APRIL 1, 1903.

The Court of Appeals affirmed the decision of Circuit Judge Cantrell, holding that the Democratic State Executive Committee had ample authority for calling the State primary for May 9, and granting Gov. Beckham a writ of mandamus compelling the committee to place his name on the ballot as a candidate for the gubernatorial nomination. The court recommends that some changes be made in the rules governing the State primary in order to conform to the statute. Touching the matter of Gov. Beckham's eligibility to re-election, the court holds that the committee had no right to raise such a question, it being a matter for the legislature.

The January term of the Court of Appeals which closed last Wednesday was a record-breaking session, and 325 appeals were disposed of during the term. The court overruled the motion of William McCarty, the Lexington wire murderer, for a new trial. The Cairo bridge case, in which the State sued to recover taxes from 1898 to 1899 was reversed and the dismissal of the action was ordered.

Mr. E. G. Logan, one of the brightest editors in the State, will, in a few days, retire from the Louisville Times and will remove to Warren county where he has purchased a valuable farm. As a paragraphist, Logan's place on the Times will be hard to fill, and his leaving the profession is regretted by the newspaper fraternity of the State.

Chas. E. Sapp, formerly Collector of Internal Revenue at Louisville; L. Parsons, his assignment clerk, and Joseph Pottinger pleaded guilty in the United States Court to collecting political assessments. Sapp and Parsons were fined \$500 each and Pottinger \$200. The cost will amount to several thousand dollars.

Columbia to the State candidates is somewhat like a stepson—left out in the cool. Up to this time not a speech has been made here by an aspirant. It is true we are in the Eleventh district, but there are fifteen hundred as good Democrats ever stepped into a booth in Adair county.

In a street fight at Drennon Springs, Ky., Thursday afternoon, J. W. Lowden, the town marshal, was shot and instantly killed by John Popp, who was attempting to elope with Lowden's daughter. Papp escaped.

Since Mr. Beckham's eligibility, to serve another term, has not been cleared by the Court of Appeals we believe that he should retire from the race and let other Democrats have a clear field and a free fight.

Governor Beckham is arranging a speaking tour and will open his campaign in Western Kentucky in about ten days. His friends here think he should quit the race.

Parker, of New York, and Shively, of Indiana, are now mentioned as a winning combination—a Democratic Presidential ticket.

The Appellate Court did not say Mr. Beckham was eligible to be re-elected Governor, that power is vested in the legislature, but it did say that he is eligible to enter the primary.

Hon. John K. Hendrick, Democratic candidate for Governor, has appointments to speak running up to the first of May. He will make two speeches a day until that time.

An extra session of Congress is now said to be a certainty.

### COLONEL NALL WILL NOT RUN

Says His Information From Farming Etc. must All Over the State.

It That Hubert Vreeland Will Be Nominated By Big Vote For Commissioner of Agriculture.

Col. Ion B. Nall, State Commissioner of Agriculture, who for thirty years has been one of the foremost agriculturists in the State, and who is conceded to be one of the most thoroughly posted men as to farming interests in Kentucky, has announced to his friends that at the expiration of his present term of office he will return to his old home to live. Under the Constitution he is not eligible for re-election, and will return to private life. Col. Nall has organized more farmers' institutes than any other Commissioner of the State ever had, and he has been one of the leaders in the good roads movement.

Col. Nall, in an interview last week, said he was taking no active part in the selection of his successor, as that was a duty which devolved upon the Democratic farmers of the State, but when asked for his opinion on the race he said he personally was going to vote for Hubert Vreeland because he believed him to be not only the best qualified, but by far the most capable man than the others, and by reason of his experience as assistant in charge of the office would not have to consume his time learning the routine, and would be in a better position next winter to secure favorable legislation for the farmer, such as good roads and mail routes, which he has been in contact with all of which he is thoroughly conversant. Col. Nall said that from what he could hear from the farmers and others with whom he came in contact, there was not the slightest doubt in his mind about the nomination of Mr. Vreeland by one of the largest majorities that would be received in any of the races for State offices.

The primary has been settled by the Court of Appeals, so let all Democrats prepare for May voting.

### CAMPBELLVILLE

The Taylor Circuit Court will convene on Monday April 6th. It is fair to suppose that a number of candidates for office will make speeches on that day, presenting cogent reasons why the sovereign will do well to cast their suffrages in their behalf in the coming primary.

Many of our citizens are awaiting with impatience to hear the news that ground has been broken in the construction of the electric road between Columbia and Campbellville. Let her come, Galligher.

The almost impassable roads to nearly all parts of our county during the past winter should teach our citizens a valuable lesson. The demand for more and better roads and a number of bridges was never more apparent. Let our people awake from their Rip Van Winkle slumber and go to work for free roads and more of them.

There is but little news of an interesting character this week. Our town and county is unusually quiet, one and all pursuing the even tenor of their way. The blind tiger is in abeyance to a degree, while the lings from Lebanon are pouring in about as usual.

The let up in the rainy season has set our farmers to work and it goes bravely on.

A full harvest of every thing may be expected, barring no dereliction of the clerk of the weather in the coming Spring and Summer.

### WINTER NO LONGER LINGERS IN THE LAP OF SPRING, AND ALL APPEARS AT THIS WRITING TO BE LOVELY AND FULL OF PROMISE.

### CLOYD'S LANDING.

John McCosme is in Alabama buying and selling mules. John is one of the best stock traders in this county.

Circuit court closed at Burkesville last Friday. No important cases were tried. The grand jury returned 40 indictments. The town was full of Republican candidates all the week.

The Cusack well is going right down on the High Richardson land and will be drilled by next week. A gusher is expected. The Brown well is down over 700 feet and still drilling. The Greenburg Oil Company will begin another well on the Richardson tract immediately.

Oil wells will be located and drilled as follows: Two in the Tally Hollow by the Westmoreland Co.; two on Mrs. Richardson's farm in Salt Lick Bend by Greensburg Co.; one on the T. C.

Carver tract, near the famous "burning well," by the same company; two on L. L. Cary's farm, two on L. A. Cary's farm, and one on J. C. Akin's land and many others.

Mr. Fisher, an oil rig builder has removed to a house at Cloyd's Landing. Mr. Adams, an oil rig builder, has removed to Salt Lick Bend. Mr. Rachel, an oil driller, has removed to Cloyd's Landing. James Chappell, who has been at Hot Springs, Ark., for some time on account of his throat trouble, has returned home much improved.

The railroad subject is again agitating the people of this county. They say it is a sure thing this time.

### FONTHILL

When we heard of the death of Dr. Turpin, of Jones, it brought to memory the smiling face, and pleasant appearance he always had when you saw him. He was a good school teacher and had pronounced appearance for a successful doctor. We sympathize with the lonely companion, relatives and friends.

On Wednesday March 26, Mr. James J. Tupper and Miss Mary I. Venturi were united in marriage. Rev. W. W. Smith, officiating. The groom was 17 years old and the bride not so old.

Fine prospect for a good wheat crop this year.

Corn is selling rapidly at sixty cents per bushel.

On March 15, J. H. Smith & Co. shipped 1,614 dozen eggs to Geo. P. Taylor, of Burkesville.

J. H. Smith sold to G. B. Wilkerson, Liberty, 279 bushels at \$1.68; 1 bull, 1 cow, 1 steer from \$2 to \$3.

March 18, J. H. Smith & Co. shipped Geo. P. Taylor, Burkesville, 1,614 dozen eggs.

J. H. Smith bought of various parties to the Fonthill community 116 hogs at 41 to 42. Sold 4 cows from \$20 to \$35.

Naomi Jane, infant daughter of G. M. and Hattie Brown, born here February 21, and died February 22, 1903. She's gone from our earthly embrace, gone to that Heavenly place.

We are reconciled to the will of Him who doeth all things well. May her papa, her half sister, who loved her so well, and I, be permitted to meet her in the sweet bye and bye.

### MAMA.

### VESTER.

The warm days which have just passed put the farmers behind the plow.

Messrs. Nolen White and Wallace Beatty, who are attending court in Columbia, passed through here Friday evening to spend Sunday at home.

Mrs. Chas. Pickett, who has been very sick with pneumonia, is recovering.

Miss Fiebia Montgomery visited Miss Anna Breeding several days of last week.

Miss Ida Willis visited Miss Cora Reynolds last week.

Miss Addie Williams, who has been visiting on Green river, for several weeks, returned home last Monday.

The dwelling house of Mr. K. Dixon will be completed this week. The appearance of the building shows that Mr. Drewery Moore is a first-class carpenter.

Miss Addie Willis, of Joppa, visited Miss Ida Reynolds last week.

Wheat is looking more promising than ever before in this part.

Hay stacks are rapidly disappearing around here due to a good demand.

Harry Shearer was here last week on business.

Mrs. N. J. Horton returned to her home at Prescherville, Lincoln county, Saturday, after a two weeks' visit with her daughter, Mrs. Jas. O. Grissom and family.

Mrs. Lizzie Pennington and granddaughter, Miss Nannie, were visiting Mrs. Jas. O. Grissom last Thursday.

The mud holes along the roads have about dried up and the roads will soon be in good condition.

We understand that Mr. Sandridge and family are well pleased with their new home on the late W. C. Turk's farm, owing to the fact that it is on a good and healthy elevation.

Rev. W. H. C. Sandridge preached at Union Sunday.

Mr. B. F. Russell, of Danville, was in Columbia last Friday. He stated that Prof. Lucian Cabell's education in some respects had been sadly neglected, as he went turkey hunting the other day and wasted his ammunition on buzzards, thinking that they were wild turkeys. Mr. Cabell has lately become a resident of Danville.

Rev. Smith, of the Louisville Seminary preached two interesting sermons in the Baptist church, this city, last Sunday. The church was crowded from both occasions and his sermons were highly pleasing to the members of the church who kept a pastor.

Mr. Smith is a young man of a pleasant temper, but goes deep into the subjects he discusses. From what we have heard it is highly probable that he will receive a call from the church here and others that will want a part of his time. Mr. Smith left Monday morning and the church will take action as early as possible.

Ed. J. Cole, pastor of the Christian church of Campbelleville and Lebanon, has been in our midst for several days. His address to the P. C. A. Sunday after next will be to young and old and his sermon on Sunday evening defining the difference between the true followers of Christ and the character of a hypocrite, merely for salvation, was pointed and full of logic. On both occasions Mr. Cole was heard by large and appreciative audiences who would be glad to have him visit us often. We take pleasure in stating that Mr. Cole comes from one of the best families of Virginia and we congratulate the churches of Lebanon and Campbelleville in securing such a worthy young man whose noble purposes and talents must result in much good.

Our Camp Knox correspondent states that seven of the jurors were in favor of acquitting Mr. Booker and that four more would have been had they understood the instructions of the Court. We stated last week that the considered reliable information that the jury stood six and six. It is not our intention to make a mistake about this matter, and we especially do so in this case.

Almost every Sunday night and frequently during the week, parties who pass out Greensburg street make it their business to annoy the residents by firing off their pistols. They, of course, think that such conduct costs money, and if persistently pursued, it will not be long until they succeed in making themselves unpopular and incurring unenviable debts. The parties who engage in this conduct are a little timid, but they push themselves forward, but the next grand jury will let the people know of their good qualities.

Mrs. Margaret Dickerson, born in Russell county, Ky., now a resident of Sullivan, Ind., celebrated her one hundredth anniversary in the 21st March. Her father was killed while a soldier in 1812. Mrs. Dickerson has never used a cook stove and has smoked her pipe since she was 16 years old. She has been a faithful member of the Baptist Church for eighty-four years. She observes Saturday for Sunday. She is in perfect health and raises her little garden her own tobacco. She states that she attributes her longevity to Providence alone.

Mr. J. H. Kinsaid came near losing his tooth dwelling by the last Saturday night by fire, but was discovered in time to save it by heroic means.

Hon. H. C. Baker, Republican candidate for Circuit Judge in this district, requests in perfect health and will address the citizens of Casey county at Liberty next Monday at 6 o'clock in the afternoon.

Mr. J. Shreve Durban, of Greensburg, will address the Y. P. C. A. in its hall on the second Sunday at 3 p. m. this city. Come and hear him.

We tender our sympathy to our old friend, Mr. Frank M. Bollinger, of Albany, who was bereft of his estimable wife Monday of last week.

The directory of the First National Bank, to be opened in Louisville, forwarded all the necessary documents to the Department at Washington last week.

A man named Blakeman is attempting to ford the river at Greensburg last Saturday with a wagon loaded with poultry, got into deep water and lost all his chickens.

This paper will be represented at Liberty next Monday. People throughout Casey county who desire to transact business with the office will be given an opportunity.

Mr. W. L. Farrin, who lives in the Casey Valley precinct, conveyed his children, last week, for love and affection, 238 acres of land. The land is valued at several thousand dollars.

I have sold the 8 mch cows, and 200 hogs. It pays to advertise your stock in the News.

J. H. Smith, Four Hill, Ky.

Mr. George Staples, this city, met with a very painful accident one day last week. He was descending a stairway, and making a misstep, he fell, spraining his ankle. She is unable to walk and has suffered almost constantly.

Our representative was in Campbelleville two days of last week, visiting the people in that thirty city generally well and the business is fairly brisk. The merchants were enjoying a good trade, and the banking institutions were offering no complaints.

Now is the time to clean up your premises. All the old buildings should be removed, and the new ones put up. It will be too late after the hot days set in. Time to remove rubbish is when the air is cool and bracing.

The following tobacco sales were made in Louisville a few days ago: Seven hundred pounds of Metcalf county at \$7.00 to \$8.45. Eighteen hundred pounds Cumberland county dark at \$7.00 to \$8.45. Three hundred pounds Taylor county dark at \$6.00 to \$8.45.

We understand that the members of the Presbyterian Church and the members of the Cumberland Presbyterian Church have arranged with Rev. W. H. C. Sandage, of the latter denomination, to preach to the two congregations in this city twice a month, the second and fourth Sundays.

Mr. James T. England, of Breeding, was in town Monday and told us of a wild cat captured a few days ago in his section. Last year Mr. England had a 3-year-old to wander off after dark search he was given up as lost or dead. A short time ago the cat was found and was taken to his home. He was captured and put in a barn, but up to date shows no signs of taming down.

Mr. Wm. Neathery, of Russell county, was in Columbia last week and from what we could gather from his account, he is a very capable man. In this town, Mr. Neathery desires to secure better facilities for education and knowing that we will soon have an electric railroad, he is anxious to have the Electric road built in the near future, are strong inducements to locate in this town.

It will be remembered that several months ago a letter was sent out from our Green county, stating that a dozen or more men had been murdered and secretly buried near that place. The letter created some excitement and the character of the crime was merely for salvation, was pointed and full of logic. On both occasions Mr. Cole was heard by large and appreciative audiences who would be glad to have him visit us often. We take pleasure in stating that Mr. Cole comes from one of the best families of Virginia and we congratulate the churches of Lebanon and Campbelleville in securing such a worthy young man whose noble purposes and talents must result in much good.

## MR. GEO. TATTS DEAD.

The citizens of this county and especially the residents of Gradyville, were shocked last Monday morning upon receiving the intelligence of the death of Mr. Geo. Tatts, which occurred at Bradfordville Sunday night at 9 o'clock. The deceased was born, reared and spent the major portion of his life at Gradyville, this county. He was a man of the strictest integrity, and died without an enemy. He was a zealous member of the Baptist Church, and his walk throughout his life was that of a Christian gentleman. He was about 75 years old and leaves a wife, one son, Mr. J. C. Yates, and two brothers, Messrs. W. W. and C. H. Yates. The funeral services and interment were at Bradfordville yesterday afternoon. To those who are in sorrow this county is in sympathy.

## HORSE COMMITTEE SUICIDE.

The Washakie Railway, in a damage suit instituted by E. M. Sawtelle to recover the value of a horse which met his death on the Washakie track, sets up the novel defense that the horse committed suicide. The defense is that the animal had been reading the advertisement of the Washakie and got it into his head that it was the direct cause of his death.—Globe Democrat, Feb. 27th, 1903.

## MARRIAGE LICENSES.

The following marriage licenses were issued from the Adair County Clerk's office during the month of March: William Nelson to Miss Mattie Cooney. J. R. Smith to Miss Serena J. Harmon. Chas. W. Roberts to Martha Whitehead. E. N. Gresham to Miss Myrtle V. Hood. J. B. Montgomery to Miss Vena S. Moore. B. R. Marcum to Miss Ida M. Hadley. Leslie Turner to Miss Lucinda H. Powell. Robt. Rodgers to Miss Ophelia Keitzer. Henry Powell to Miss Emma M. Roy.

For the benefit of many who are under the impression that property is too high in Columbia for a safe profitable investment we desire to say that such is not the case. While property cannot be bought at old prices yet the advance has not kept pace with the change of conditions together with the brightest future the town has ever had. The securing of Lindsey Wilson School, an institution endowed sufficiently to give it a sure and safe introduction to the patronage of hundreds who seek an education, together with the united efforts of a great church, will prove a great factor in making Columbia the educational center of Southern Kentucky. This school will not only advance the intelligence of this section but will increase its business activity and bring forth the real estate as well. The school will be worth many times what it will cost and offer inducements to many good families to move to the place, who have to have a new bank, an institution that will further aid in making a safe town safer, a good town better and a prosperous community more so.

New business houses will be erected this year and new dwellings are under course of construction. Not a vacant house in the town and many new cottages could be erected at fair value. In addition to a good healthy growth we confidently look forward to the building of the Electric railroad. Mr. Ansell, the promoter, is firm and enthusiastic and has no fears of failure. We need not state the effect that such an enterprise will have on changing the value of advancing prices and thoroughly marking this town. Its coming will mark the greatest progress of any town in Southern Kentucky. If we can buy property can be bought at prices that can be sustained without a railroad or without additional enterprises, but how low present prices will be is as known to us. If you want to locate in a good town, if you desire to own property in a town where the days of the wild west have passed, if you are sorely moving to the town, then come to Columbia and buy and don't quibble over the advance that has come within the last twelve months. If you have fears of losing to such a place as Columbia, then, indeed, you had better stick to the old plantation. Profits and advantages come to the doors. The man who is afraid of his shadow should keep out of sunlight.

Mr. N. M. Tutt, deputy Circuit Court Clerk, met with an accident last Friday afternoon when his friends are glad did not prove more serious. He had been out horse-back riding and upon reaching his stable and attempting to dismount, his foot hung in the stirrup and he fell to the ground. A protruding nail in the bottom of his boot had caught in the stirrup and he was thrown to the ground. He was badly hurt and his leg fearfully bruised. No bones were broken, but it was a bad shake-up, placing Mr. Tutt upon the lame list where he will remain for a week or ten days.

The suit brought by G. A. Edwards against the Louisville Evening Times, for recovery of ten thousand dollars for libel, was tried in the Green circuit court last week. Hon. Rollin Triplett was the special judge in the action, and both sides were represented by able attorneys, and there was much speculation as to the result. The jury returned a verdict for the plaintiff and awarded him \$10,000. It was learned that they stand six for a judgment and six for the defendant.

One day he began to use Electric Bitters and in a week, a change for the better came and, at length he was entirely cured. It's the most reliable medicine for liver and kidney trouble. Only 50c and guaranteed by all druggists.

#### BELLE PLAINE KANSAS.

##### Editor of the News:

I have just a pretty country home. I must tell you all about it. We live a mile South of our town, Belle Plaine, Kansas. We go to school every morning—my little sister, Eva, little brother, Sammie, are in school. We drive a little sorrel pony. Our father drives us up every morning as he goes to his store and drives us home every afternoon. I have quit school on account of my health. My grandmother is visiting with us now. She has been with us for two years. She came before my dear mother's death. Our mother died last December a year ago, and oh, how we miss her. You little girls who have your mothers with you don't know how you would miss them until they are gone where there is no partings nor goodbyes, and where there is no loneliness. But our dear grandmother takes her place as well as she can. She does our sewing and is great company for us. We couldn't well keep home without her. I will give her name as one I may know her. She was Miss Mary C. Sanley. She was the second daughter of Charles H. Sanley, Barkville, Ky., and she married grandfather Stanton P. Coffey and he died and she married grandfather Reuben Payne and she is now a widow and her home is in Denmark, Ky. My aunt, Sattie Coffey Stegall, is visiting us from Canadian, Ind. Territory, and my married sister, Mrs. Rucker, from Cleburne, Texas, is here. My father is S. R. Price.

If I see this in your good paper I will write again soon if you will spare me space in your little folks column. My name is  
GEORGIE ANNA PRICE,  
Age, 11 years.  
P. S.—My father takes your paper and is real glad to get it.

**Makes a Clean Sweep.**  
There's nothing like doing a thing thoroughly. Of all the salves you ever heard of, Bucklen's Arnica Salve is the best. It cures away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. It's only 25c, and guaranteed to give satisfaction by all druggists.

A New Havengid who can speak seventeen languages was married the other day. Well, perhaps the man in the case had never been married before.

That cough you have may get well without treatment and it may not. Can you afford to take the chances? When you know all serious lung troubles start from neglected coughs? Better get a bottle of Dr. Chase's Cough Syrup and be on the safe side. Sold by M. Craven.

**OBITUARY.**  
On Saturday March 14, the grim reaper, Death, entered the home of Mrs. Isabelle Warner and claimed as its own the spirit of her only daughter, Miss Susie. For six weeks she had cheerfully and patiently submitted to the grasp of that fatal disease, stricture of the bowels. She was in her 39 year and had been a faithful member of the Baptist Church for 7 years. Susie was a devoted daughter, a kind and obedient daughter. She leaves a broken hearted mother and two brothers to mourn her departure. A dark day will come to every home, but it should be a sweet trouble to this family in their hours of bereavement to give up to Him who doeth all things well and who guardeth his loved ones against any thing that would mar their happiness. The funeral services were conducted by Bro. Nathan Merrill and the interment in the Belle cemetery.

Stiff neck, pains in the shoulders of limbs is a disagreeable trouble; anyone is liable to have these ailments which are often produced from cold or exposure. The use of Dr. Chase's German Penetrating Liniment will give speedy relief. Sold by M. Craven.

#### LET US HELP YOU FIND A HOME

Along the Cotton Belt Route, where land can be bought for \$2.43 85 an acre, up-cut over timber land that affords good range for live stock; rich bottom lands for corn, wheat, oats, cotton; uplands for fruits and vegetables—peaches, pears, plums, strawberries, tomatoes, potatoes, onions, melons—finishing good markets and fancy prices in the North on account of excellent qualities and marketing ahead of other sections. A land where living is cheap—lumber at \$7 to \$8 a thousand, fuel for the cutting, range for the stock nearly the year round, garden truck for the table from March to December. The farmer who pays high rent in the North, or tills worn out soil in the East, is missing one of the best things of life by not securing a home in the Southwest.

Write for copies of our "Homes in the Southwest," "Glimpses of South-east Missouri, Arkansas and Northwest Louisiana," "Through Texas With a Camera," "Fortunes in Growing Fruits and Vegetables," "List of Real Estate Agents Along the Cotton Belt," "Developing the St. Francis Country," "The Divulser," a fruit and truck growers' journal.

On first and third Tuesdays of March and April, the Cotton Belt Route will sell one-way tickets from St. Louis, Thebes, Cairo and Memphis, to points in Arkansas, Louisiana and Texas, at half the one-way rate, plus \$2.00 for round trip tickets at one fare for the round trip, plus \$2.00.

#### A PIANO AT A NOMINAL PRICE.

Chicago's largest music house, Lyon & Healy, announces a Clearing Sale of Pianos. This is owing to the fact that their warehouses are being entirely remodelled. Several hundred splendid instruments are offered without reserve until all are sold. In this stock are a number of Steinway and Kaabe pianos, and new and second hand pianos including instruments of the following known makes: Miller, Mason & Hamlin, Hamilton, McPhail, Sterling, Huntington, Yon, Fischer, Weber, Chickering, etc., etc. In square pianos there are fixed tone instruments at \$25.00, and upwards. In upright pianos best instruments at \$100, \$120, \$150, \$165, \$180, \$200 and upwards. In Baby Grands some nice specimens at \$250 and upwards. Nearly all these pianos were intended to sell for much more than these clearing sale prices.

Lyon & Healy will send a list and full particulars upon application. Any piano not proving entirely satisfactory may be returned at their expense. Address Lyon & Healy, 1 Adams St., Chicago. Distance is no obstacle in taking advantage of this remarkable chance to obtain a piano, for in proportion to the saving, to be made the freight charges are independent. If you do not already know Lyon & Healy by reputation any banker will assure you of their entire responsibility and record of forty years for honorable dealing. Write at your early convenience so as to avoid disappointment.

#### A Sure Thing.

It is said that nothing is sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for consumption is a sure cure for all lung and all throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shepherdsburg, W. Va., says: "I had a severe case of bronchitis and for a year tried everything I heard of, but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely. It's infallible for cough, whooping cough, pneumonia, grip and consumption. Try it. It's guaranteed by all druggists. Trial bottles free. Regular sizes 50c and \$1."

Geo. D. White, vice president of the Bank of South Pennsylvania, was arrested on charges of embezzlement and other irregularities growing out of the collapse of the concern. The bank examiner charges that among the things listed by White as assets, was a note apparently drawn by White's sister, who died two years before the date. White, when arrested, characterized the affair as a "trivial matter."

#### A Thoroughful Man.

M. M. Austin, of Winchester, Ind., knew what to do in the hour of need. His wife had such an unusual case of stomach and liver trouble, physicians could not help her. He thought of and tried Dr. King's New Life Pills and she got relief at once and was finally cured. Only 25c at all druggists.

After all, those Buffalo police know something. Not one of them suggested that Burdick may have been hit in the head with one of the soda pillows.

#### LOUISVILLE HERALD.

Word has just been received that the Louisville Herald the new daily paper, in order to speed the circulation of its weekly is giving \$5 free to every new subscriber.

The publishers of this paper, it seems, have made a deal, involving many thousands of dollars, with the N. D. Thompson Publishing Company, of St. Louis, whereby a year's subscription to the Journal of Agriculture, considered the leading farm paper since 1868, regular price \$1; the American Farmer's Horse Book, written by the distinguished Dr. Andrew Darrin, containing 616 pages regular price \$2.75, and the weekly Herald for one year, price fifty cents, a total cost of \$2.65, may be obtained by sending to the publishers of The Herald \$1.25, either in stamps or money.

This is one of the most generous offers ever made by a Kentucky newspaper. It is not surprising, though, as the publishers have shown great enterprize in all directions. The Weekly Herald to day stands first in the South. Truthful and new, it has secured in a short time a firm place in the hearts of many Kentuckians. The Journal of Agriculture is recognized as an authority on all matters pertaining to the culture and growth of nature's products. The American Farmer's Horse Book is the very latest authority on horses, prepared by Dr. Andrew Darrin, who is known in this community through his connection with a famous breeding farm at Lexington. This book gives accurate information about different breeds, the principles of breeding, the best methods of training; in short, everything about horses that is worth knowing. It is not only a great treat, but it will be open. Letters containing \$1.25 are acknowledged promptly. The Journal of Agriculture, the Farmer's Horse Book and The Weekly Herald arrive with surprising promptness, considering the great number of orders which The Herald must be receiving daily.

#### AN IRISH STORY.

The funniest experience that I have ever had in all my years of practice at the bar occurred during a murder trial," said one lawyer to a lot of fellow practitioners who had assembled in his office.

"An Irishman was to be tried for murder, and from what I learned about the case I felt that my client, would be convicted, if not first degree murder then surely second degree murder. I was so uneasy about the matter that I went to an Irish friend of mine and deliberately planned to prevent conviction in any degree. The friend of mine was a jurymen, and his chances of getting on the jury in the murder case were very good. So I urged him to stick until the last for a verdict of manslaughter. He said he would, and I knew that he would keep his promise."

"The panel was exhausted, and my friend Pat was one of the twelve men in whose hands rested the fate of my client. I was positive that he would not hang. The trial was an interesting one, and the jury retired after listening to the Judge's charge. Seven hours passed before they returned."

"The poll of the jury showed that the man was guilty of manslaughter, and after the jurymen were discharged I walked up to Pat and said: 'Pat, you saved the day. It was a great piece of work for you. How did you manage to bring the other eleven around to your way of thinking?'"

"Oh, I had the devil's own time of doing it. This on the quiet. When we first began to ballot, eleven of them fellows was for acquittal, but I stuck to my job until I brought them around to manslaughter."—New York Times.

The president is far from being pleased over the results of the extra session of the senate and it is said he makes no attempt to conceal his ill feelings. The House of Representatives was raised but this can hardly be in the nature of a feather for the president, for he originally indorsed the Nicaraguan route, and it was Hanna's influence which switched it to the Panama. The outcome of the Cuban treaty is wormwood and gall to Roosevelt. This was his special hobby, and with the adjournment of the special session he made this treaty suspended between heaven and earth. All along the prominent Republican leaders have meant to reject the treaty and have simply taken the indirect rather than the straight method to struggle it. Next winter, it is said, it may never be heard of as it is decided opposition to it in the lower house.

Two of Mr. Roosevelt's appointments were not confirmed by the senate, and by the end of this adds sorrow to his grief worn heart. All this has made him tire of life and he goes to the woods with yearning for its solitude.
